HON. E. BULLOCK

TO THE REPUBLICANS OF LAUREL AND ROCKCASTLE COUNTIES:

Since making my announcement as a Republican candidate for Representative of the 81st District, my health has become so impaired that I am advised by my physician that I am not physically able to make the race and to do so would probably mean my death, and on this account I very reluctantly withdraw. I say reluctantly for the reason that I was very ambitious to go back to Frankfort one more time as your Representative, and I confidently feel that the Republicans of the District wanted me to go back. But for the reasons above stated, I am withdrawing from the race and I take this method of thanking the Republicans of the District who are so loyally supporting me, and I want to thank all the Republicans who were responsible for my nomination and election in my former race. I trust that my health will so improve that I will be able to take an active part in the coming State campaign. I feel that all Republicans should do so. With a united effort, in my judgment there is no question but what we will elect Edwin P. Morrow, Governor, together with the State ticket nominated with him.

Respectfully,

E. BULLOCK.

R. L. McFERRON

TO THE REPUBLICANS OF THE 81ST LEGISLATIVE DISTRICT:

In submitting my candidacy for the Republican nomination for the office of Representative of this District, I wish to say first that I was born and raised a Republican and have consistently supported the nominees of the Republican party for office since I have been a voter.

I have lived in Rockcastle County all of my life, except five years that I lived in Laurel County. My life has been spent mainly as a laboring man; as a farmer, lumberman and miner. While I lived in Laurel County I was engaged in mining. I served my county four years in the capacity of Deputy Sheriff under H. L. Tate, and following this service was nominated and elected Sheriff by the Republicans of Rockcastle County, giving me an official experience of eight years. At present I am a member of the Board of Trustees of the Mt. Vernon Graded School. In fact, I have been active, as far as my ability would permit, in all things that tend to improve conditions in my county, commercially, morally and educationally.

I approve unreservedly the platform of principles adopted by the Republican Convention held in Lexington on the 14th day of May, 1919, and endorse and will vote for the Republicans suggested by said Convention for state offices, and pledge myself to the voters of this District that I will exert all my energies to elect the ticket nominated.

The Republicans of this State are fortunate in having such a leader in the coming campaign as the Hon. Edwin P. Morrow, the next Governor of Kentucky. His well known republicanism, his ability as a leader and his wonderful powers as an orator make him not only the idol of the Republicans of this State, but a leader without an equal of all the people. I pledge myself to the Republicans of this District that I will co-operate with him in his efforts to have enacted into laws the platform of principles adopted by the Lexington Convention.

If my record as a citizen and an official and the principles on which I stand meet with the approval of the Republicans of this District, I respectfully solicit your vote and influence in the Republican Primary on August 2nd.

Very sincerely,

R. L. McFERRON.

ROCKCASTLE COUNTY'S OPPORTUNITY.

The Louisville Board of Trade and Kentucky State Bankers' Association will pitch a tent in Mt. Vernon July 14, 15, and 16. Under this tent there will be 15 specialists to entertain and discriminate information and knowledge. Free to all the people of Rockcastle County.

The County has this one opportunity of getting in touch with Big things and to hear and see what is going on in our county and state. This tent and people will stay only three days in our County. Only a few counties have secured this Farmers Community Meeting, and we are lucky to have then stop with us.

A program will be given only in the afternoon and evening of each day.

A PIG TO BE GIVEN AWAY.

A pure bred Duroc pig will be given away each afternoon at 5:00 o'clock. Each person attending will have a chance at this pig. All tickets FREE to tent and each person a ticket for pig. — Come and get the pig. Your neighbors can't tell you about it. — You will have to come and see, and get. Make plans now for each afternoon and take three pigs home with you.

CUT THIS OUT AND TAKE IT WITH YOU. A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion.

What's the Queerest Thing in the World?

The Germans thought nothing could be queerer than the fact the Americans would fight. When you ponder about them you realize whippers are queer. Relatives often are. So is a day old calf. Even queerer than all these is a giraffe, which seems to have grown on and on like one of the Editorial sentences of the Signal without being able to stop.

However almost everything that is queer can be explained—even a giraffe. Anyhow queerness all depends upon the point of view. To our mind the very queerest thing in this world is why the average man does not try harder to save his money than he does? If you can top this for queerness, all we can say is that you fail to realize the degrading horrors—the misery—the melancholy and the utter despair of a dependent old age?

Are you queer?

REUNION AT LEVEL GREEN

By Chas. C. Davis.

The reunion at Level Green, Ky., held in honor of Prof. J. N. Brown, was a most wonderful success. The weather could not have been more delightful, even the song of the birds that flitted from apple tree to apple tree, seemed to welcome us as we came in throngs to Mr. W. H. Brown's orchard for this great occasion. Everything had been prepared by the Level Green hosts to make the occasion one of the greatest possible. The crowd was estimated from 500 to 1000 people. Rev. D. R. Gentry was made chairman, which assured us at once that we would have good entertainment. Attorney J. W. Brown, of Mt. Vernon, Ky., brother of the late Prof. J. N. Brown, made the opening and welcoming address, who told of many happy occasions in boyhood life that this meeting brought afresh to his memory and sincerely thanked all of us for this great gathering in honor of his dear brother. Following Mr. Brown, the chairman, Mr. Gentry, added several choice thoughts of our dear old teacher. Prayer was offered by Rev. Custer Herin, which was fervent and just to point. Singing was provided by W. H. Owens, of Willalla, Ky., and his splendid class. We were all asked to say something in honor of this day and some responded. Mr. John B. Cummins, of Mt. Vernon, Ky., refreshed our memories by telling several beautiful stories of by gone days. Chas. C. Davis, also of Mt. Vernon, Ky., made his usual announcements and called our attention to the Salvation Army drive which is now on. Rev. D. R. Gentry's three beautiful daughters came forward and asked the crowd to assist in this great work and raised \$14 for the Salvation Army Relief. Post Master R. L. Brown, of Somerset, Ky., made a beautiful talk thanking the speakers for the many eulogies given his father here to day. Letters were read from Judge Sam Brown, of Oklahoma, and Mrs. Cordie Boyles Davis, of Cambria, Iowa, both of which brought the crowd to tears when read aloud in their hearing. The crowd adjourned in peace and harmony by singing "God Be With You Till We Meet Again."

Adv. 11.

In next week's issue of this paper, we will be able to furnish the program for the Farmers Community meeting, July 14th, 15th and 16th. We think from the tentative program seen that the meeting will be extremely interesting and instructive. The movie show that will be put on free each night will harmonize with the lectures given and make the meetings doubly instructive.

The Salvation Army Campaign Committee is very thankful to the good people, who were present at the Level Green reunion for the \$14 donated to our fund.

M. PENNINGTON, Chm.

From all indications Rockcastle County will raise her quota for the Salvation Army, but it is merely possible if the workers neglect their work the latter part of the week that we will be a little short. We think at the present time that about five hundred of the seven hundred dollars asked has been pledged, so we are reasonably sure that the other two hundred can be raised if the work is kept up during the rest of the week.

The newspaper man can use column after column of space in his paper every week advertising, boosting or in some way trying to help his town and in the eyes of the majority of the people he has done nothing. That space is worth nothing and when the time comes for a little pay ad either leave it out, cut the price or you newspaper man you are a grafter. The space in a newspaper is just the same to the newspaper man that the merchant's goods on the shelf are to him. If you don't want it at the price don't use it.

Grover C. and Jud Hatcher who recently returned from France, are with their mother, Mrs. Mollie Hatcher, at her home here. The youngest son, Fred, is still in the hospital in Virginia, but expects to be able to return home soon. Mrs. Jud Hatcher and baby joined Mr. Hatcher just before reaching Mt. Vernon. Mrs. Beaty, the only daughter, is also here. It is a happy occasion for Mrs. Hatcher and her many friends rejoice with her, that two of her three sons offered for sacrifice in the great world struggle have been returned to her and the other one will soon be here. When the call came for the boys to go, Fred and Grover C. the only support of their aged mother were called. It seemed hard, the sacrifice seemed greater than that asked of any one else but this good woman bore it bravely and trusted to the All Wise Father for the return of her boys. They are back and may they be permitted to remain with her during the remainder of her allotted years. Jud Hatcher was employed as an engineer and transported soldiers, provisions, etc.

We sometimes wonder if people know and if they do know, do they appreciate the fact that all the work being done on our roads, is being done by money furnished by other people. Not one penny comes out of the pocket of any tax payer in Rock-

castle County. The gap between Livingston and Parkers Creek, is being built with money donated by outside people, the government and state and the work being done by the convicts is a contribution to this county. Not one cent is being paid out of the county treasury for any of this work. Now and then some fellow turns his kicker loose and goes to kicking on the present road work, but if any one objects to outsiders bringing the money and building our roads for us, we cannot imagine what in the world it would take to satisfy that kind of a creature. If you know better and are still kicking it is high time for you to go and stick your head in a hole and if you don't know, and not willing to take your neighbors word for it, then write Rodman Wiley, Commissioner of Roads, Frankfort, and he will tell you how it is. He will also tell you that there are only two extra men drawing salaries, connected with the convict labor. Know how it is and then appreciate what outside help is doing for Rockcastle.

MONSTER SCREEN AT METHODIST CENTENARY

Special Lantern Devised For
Throwing Pictures.

Finishing details are being placed on the arrangements for the erection of the largest screen for the projection of pictures ever built in the world. This is to be one of the features of the Methodist Centenary Celebration, to be held in Columbus, June 29 to July 13.

This monster screen will have a surface for pictures 115x115 feet. The actual structure will be several feet larger in each direction. A special lantern has been successfully devised for throwing these tremendous pictures the necessary distance. The screen will be 250 feet from the nearest spectator and will be built to withstand 40 pounds pressure to the square foot. The lantern which will project these pictures has already successfully thrown pictures on a screen in New York City across a distance of four and a half city blocks. According to Architect Harry C. Holbrook, the screen will be, in effect, three sides of a house. It is necessary to give it the foundations equivalent to a four-story building. In order that there may be as much salvage as possible after the screen has served its purpose, the picture area will be of fitted lumber, which later will be treated with a white surface preparation.

The estimated cost of this screen will be \$8,000. The screen and the lantern will be used in showing the tens of thousands of views, made all over the world by the Methodist Missionary Survey, which has the finest collection of pictorial views anywhere in the world.

Columbia Professor in Charge of
Exhibits at Methodist Centenary

PROFESSOR LA MONT A. WARNER of Columbia university is director of fine arts and designer of exhibits and scenery for the Methodist Centenary Celebration, in Columbus, O., June 29 to July 13. On plans which he laid down, the multitude of exhibits, domestic and foreign, have been arranged in the buildings in scenic effects, making them at once appropriate and effective. Professor Warner had charge of world exhibits held in Boston, Chicago, Baltimore and Providence in past years, and has studied and worked abroad.

ENTERTAINMENT AT CENTENARY VARIED

Every Effort Made to Popularize
Daily Programs.

CHILDREN TAKE GREAT PART

Huge Pageant, Representing the Children's Crusade of the Twelfth Century, Will Be Given Each Day. Famous Speakers Have Agreed to Attend Celebration at Columbus, June 29 to July 13.

In addition to the religious feature of the Methodist Centenary celebration, which opens in Columbus, O., June 29, every effort is being made to popularize the daily programs and to make them attractive to the tastes of all visitors, according to Alonso E. Wilson, director of the department of special days.

The Rainbow Division band and famous Jackie band will furnish music, and well known Chautauque entertainers have contracted to be here with lively programs of singing and instrumental music. For love of classical and sacred music, the Jolliffeum at the exposition grounds, will be a Mecca. Daily recitals by Professor William J. Kraft of Columbia University, at the \$50,000 organ, a symphony orchestra, famous singers, a chorus of 1,000 voices and the trombone choir of 100 pieces will be featured there.

Pageants in life plays, motion pictures and educational lectures will fill the mornings, afternoons and evenings. "It is our aim to provide entertainment for everybody every minute of the day," says Mr. Wilson. That the celebration is not for grownups alone is proved by the extensive preparations being made for the children who come. In addition to playgrounds, well equipped and attended, there will be elephants, camels and burros to ride, and a Wild West show every day. A huge pageant representing the Children's Crusade of the twelfth century will be presented daily by 500 children, accompanied by a children's chorus of 500 voices.

Among the famous men of the country who have agreed definitely to be here for the Centenary celebration are ex-President William H. Taft, Major General Leonard Wood, Secretary Josephus Daniels, William Jennings Bryan, Lieutenant Colonel Theodore Roosevelt, Governor Henry J. Allen, Franklin E. Lane, secretary of the Interior, John Barrett, director general of the Pan-American Union; Henry F. Fletcher, United States ambassador to Mexico; Elihu D. Loomis, Mexican ambassador at Washington, and Chaplain Tiplady of the British army. These men will speak in the Coliseum during the celebration.

How Are You Going to Keep 'Em on the Farm?

ANSWER:
With Electric Lights

Delco-Lights Makes the Farm Home
More Attractive to the Girl or Boy

When Delco-Light is installed there is no longer as great incentive for the son or daughter to go to the city. Its conveniences are brought to their home in the country.

The daughter can have electric lights in her room, an electric curling iron and all other comforts that are so much desired by young woman. It makes the chores easier for the son and provides power for operating labor saving tools.

Delco Light so modernizes the farm home that it brings cheer and satisfaction to every member of the family.

If you are desirous of bringing your home up to date and of giving your wife and family a real home, with lights, bath, running water, etc., get in touch with

Announcing The New Series Chandler Dispatch

THE Chandler Dispatch, for a year past, has outsold all other cars of the sport type. The Chandler factory has been unable to build this car in quantities which could fill the demand. Its popularity is one of the high spots in motordom.

And now comes the new series Dispatch—a snappy, handsome car. Thousands of alert Americans, who appreciate Chandler quality, welcome the new Dispatch. You, too, will be delighted with it if you wish a really good car, with style in design and beauty in finish and unexcelled in its ability to perform.

The new series Chandler Dispatch is handsomely upholstered in bright finish hand buffed leather. It seats four passengers in the ultimate degree of comfort. Its finish is in the beautiful new Chandler Rainbow Blue, richly lustrous.

You are asked to pay much more for cars which might perhaps be compared with the Chandler. And cheap cars sell for but little less.

TO THE DEMOCRATS OF KENTUCKY:

I hereby announce myself a candidate for the office of Lieutenant Governor of Kentucky, subject to the action of the Democratic primary on August 2, 1918.

- I AM—
1. A friend of Labor;
 2. For amending, but not repealing, the present tax laws;
 3. For better roads;
 4. For better schools;
 5. For rigid economy in the management of the State's affairs, and the elimination or consolidation of offices, where practicable;
 6. On the liquor question, I have always been a bone-dry man, and will do all that I can to advance the cause of temperance;
 7. For closer supervision of our charitable and penal institutions;
 8. For Woman's Suffrage;
 9. For amending the Dog Law so as to provide more and prompter pay for the sheep owner and more protection for the dog owner, and with less, but reasonable and fair, compensation for the officials who administer it;
 10. For extreme conservatism in the use of the pardoning power.

Y. W. C. A. UNIFORMS TO CLOTHE STUDENTS

Suits Worn by War Workers Will Be Given to Penniless Students in Switzerland.

Official uniforms of the Young Women's Christian Association, known as the Blue Triangle, the Association in signa, will be worn next winter by women students who have been stranded in Switzerland during the war and who, because of lack of funds, inability to re-enter their native country, are unable to finish their university course. Because they have no family to which to return, will remain there next year.

Elizabeth M. Clark, who has been in Switzerland for ten years under the Young Women's Christian Association, was appealed to the National Student Committee of the Y. W. C. A. for clothing for the 300 foreign women students in Switzerland. The scarcity of clothing last year among these almost penniless students made it necessary for two girls to share one coat so that only one could go to classes or go out of doors at a time.

Four large packing cases of a kind of used clothing, save hat, which is in good condition, have been collected hastily from women college students in the New England States, Ohio, West Virginia, Pennsylvania, Maryland and Delaware by the Student Committee of the National Y. W. C. A. to be sent over in response to Miss Clark's appeal. This clothing will be dyed, cleaned and made over in Switzerland.

In addition to the clothing collected from students in colleges nearest New York a case of uniforms, which have been turned in by Y. W. C. A. secretaries who did war work, and the official uniform of the Y. W. C. A. are being turned in by war workers they will be claimed by the Student Committee, which will remove the insignia and prepare the uniform so that they may be worn by the women who have been forced by war events to remain in Switzerland for several years.

QUEEN MARIE INVITES Y. W. C. A. TO RUMANIA

Extends Invitation to Overseas Workers in Paris.

Paris, April 21.—Queen Marie of Rumania, following a conference with a representative committee of the American Y. W. C. A., held at the Hotel, Paris, has invited the American Young Women's Christian Association to come to Rumania and open work under her patronage.

Among the representatives of the Y. W. C. A. present at the conference were: Miss Harriett Taylor, head of the American Y. W. C. A. work overseas; Miss Mary Anderson of Hudson Wis.; Miss Mary Dingman, head of the Y. W. C. A. industrial work in France; Mrs. Margaret B. Fowler of Pasadena, Cal.; and Miss Charlotte Niven, head of the Y. W. C. A. work in Italy. A notable guest at the meeting was Madame Catari, wife of the secretary of the Rumanian legation in Paris.

"They do more than please your taste — they satisfy!"

Chesterfields "let you in" on an entirely new kind of cigarette enjoyment.

They not only please your taste, but they do something else besides.

Know what a big, juicy beefsteak does for your hunger?

Well, Chesterfields do exactly the same thing for your smoking. They touch the "smoke-spot." They let you know you're smoking. They SATISFY!

The blend does it. And the blend is the manufacturer's secret. Unlike a patent, it cannot be copied or even closely imitated.

If you want a smoke that really "satisfies" — ask for "Chesterfields."

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THE DRAUGHT'S

BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. ONE CENT A DOSE

ACROSS THE ATLANTIC.

THE voyage of Columbus across the Atlantic resulted in a development of marine traveling towards the western continents undreamed of prior to his adventurous trip. So, it will be noted in future time, that from Lt. Commander Reed's one-stop trip from New Foundland to Portugal be recognized as the forerunner of argosies of aerial sails, or wings, to follow the nomenclature of the air.

The flight of the NC-4 was remarkable in more ways than one. On May 8 it left Rockaway, Long Island, but was forced to land off the Massachusetts coast, but reached Halifax on May 14. The next day it journeyed from Halifax to Trepassy Bay, N. F., 460 miles, and on May 16-17 went from Trepassy to Horta, in the Azores, 1350 miles, in about fifteen hours. On May 20 it went to Ponta Delgada, another island, some miles further eastward. On May 27 it went the remaining 800 miles to Lisbon, Portugal, and completed the first aerial trip from America to Europe under its own power.

The flight across the Atlantic recalls an effort of Vaniman (?) in 1910, who set out for Europe in a dirigible, which was wrecked by a storm two days out at sea. He was rescued, and in 1912 started from Akron, Ohio on a second voyage, but an explosion in midair resulted in his death. A Frenchman, within recent weeks, set out for an Atlantic flight, but was forced to land in Africa (he was going to Brazil) altho he covered more miles than Reed did in any single flight.

"Green-Seal" your house and save repair bills

House-owners know the annoyance and expense of continually paying out money for repair bills, but by using Hanna's Green Seal Paint on their property occasionally, these bills can be done away with to a large extent. Any surface, if left to itself and not properly painted, is bound to decay sooner or later, whereas a coat or two of paint at reasonable intervals will prepare it to withstand all the ravages of time and wet weather.

The Senate stood 55 to 11 against the exemption of beer and wines from the operation of war time prohibition and the last hope of the guzzler has gone glimmering. Believing that they would be exempted, 33 saloon keepers in Louisville made application for license after July 1 and put up the necessary \$5 as provided by ordinance with the application. The city will therefore have \$165 to the good and the saloonists nothing to show for their money. It is different in Lexington where every bar room has agreed to close and make no fight at midnight, June 30. It is just as well, as prohibition has come to stay.—Times.

HHealth—Little appreciated when we have it. Most desired of all earthly possessions when we have it not. Yet, for most of us, keeping well is a simple matter, and getting well again when we are sick, is often wholly within our power.

Doctors tell us that about nine out of ten of human ailments are the result of constipation. Thousands of persons are constipated without realizing how much harm and even danger may result. An appalling list of diseases have their start in this neglect of ourselves. High blood pressure, nervous breakdown, apoplexy, arterio sclerosis, rheumatism—these are but a few of the many that result chiefly from constipation.

"The Story of a Well Man" is a helpful, entertaining booklet that tells a true story of a man suffering from nervous breakdown and high blood pressure in search of health. The success that attended his efforts has a personal application to you.

This booklet has been the means of helping thousands from what seemed confirmed invalidism to robust health. It also tells the wonderful story of Devonian, the American Medicinal Water, and what it has done for those who needed help to restore them to sound health.

In some way Devonian seems to get right at the root of physical troubles, and banishes their cause, thus restoring the bodily functions to normal activity and vigor. Devonian is prescribed and recommended by our most highly esteemed physicians.

If you are suffering from some ailment for which you have not been able to secure desired relief, try Devonian—a tablespoonful in a glass of water. We believe you will find the results most beneficial. Anyway, learn more about it by sending for "The Story of a Well Man." A copy will be sent you free.

Devonian is on sale at all drug stores.

Take a Tablespoonful of Devonian to a Glassful of water.

C. D. Sutton is in Cincinnati this week buying goods.

Bill Noe was here first of the week from Harlan visiting home folks.

Jop Smith, who has been very sick with fever, is reported slightly better.

Mrs. M. Pennington and Miss Mattie Pennington are in Louisville attending the K. E. A.

Mrs. Bragg Thompson and children, of Crab Orchard, are guests of Mrs. W. M. Poynter.

Mrs. W. H. Kreuger and son, Fritz, left last week for a several weeks visit to relatives in Virginia.

Will Griffin, another Mt. Vernon boy who had several months service in France has returned home.

A. M. Hiatt, Cashier of that splendid bank, the Citizens of Brodhead, was here yesterday on business.

Judge L. W. Bethurum is attending a meeting of the Kentucky Bar Association in Lexington today.

Mr. and Mrs. Charley Thompson were up from Lancaster last week the guests of Mr. and Mrs. W. G. McBea.

Emmett Bryant, who has had a hard struggle with flu and pneumonia for several weeks, is now rapidly improving.

Emmett Norton and Thoms Doan, two more Rockcastle boys who had months of service in France are at home.

Dr. M. Pennington has been in Louisville a part of the week attending the K. E. A. and looking after some business affairs.

Miss Risse Williams went to Lancaster yesterday, where she will be the guest of Miss Walter, daughter of our dentist, Dr. W. T. Walter.

Mr. and Mrs. Roy Britton are here from Indianapolis on a few days visit to Mt. Vernon friends and looking after some business matters.

Mrs. Chas. Sullivan and daughter, Miss Nannie V. Soward, are here from Indiana visiting Mrs. Sullivan's mother, Mrs. Carmical, and sister, Mrs. John Renner.

Ben Purcell, who had twelve months service in France has returned home and like most all who come home now had his discharge.

Lige Abney, a mighty good citizen of the Johnetta section, is having very serious trouble with his eyes. He is staying in town for a few days having Dr. Pennington treat them.

Judge S. D. Lewis has been in Louisville since the first of the week. He was looking after some business matters and took advantage of the opportunity to attend the K. E. A.

Mrs. M. G. Fish went to Louisville Tuesday to have her teeth extracted. She went to the city to have the work done, in order that she might have the advantage of the oxygen gas.

Bradley Brown, son of George Brown, of the Freedom section, who saw thirteen months and twenty-three days service with Uncle Sam, eleven months of which was in France, has returned home.

Mrs. Mink, who was Miss Ella Hunt, a sister of Mrs. John Parsons, died at her home in the Southern part of the county Sunday. She was said to have had pellagra. The burial took place at Maresburg.

Like who you please, but always concede to the other fellow the same right you claim for yourself. Don't expect your friends to like only those you like or dislike those you dislike. The friendship of any man is not worth much, if he wants to choose his friends in that way.

Jeff Johnson, who had his trial at London on an indictment for the murder of Luther Manus was given ten years in the pen. The trouble is supposed to have started between Manus and Johnson but Mullins fired the shot. Mullins and Johnson both get the same term.

Billie Brown has just returned from Hot Springs. God bless him, the doctors told Gott he was not sick but just hungry. After feeding him up he returned to his place of business on Richmond Street, where he will wait on the trade as he has always done and sell you more goods for the money than any other merchant in Rockcastle County. Adv. it.

The patrons on the mail route just established out of Mt. Vernon, route No. 1, received their first service Monday. Mrs. Cleo Brown, Mt. Vernon's splendid and accomodating postmaster, has been laboring for nearly two years to get this route established, and to her is due the credit for the establishment of it. W. H. J. Moore is the contractor and his son, Milton Moore, is the carrier under the present contract. The mail only goes out three days in the week, Tuesday, Thursday and Saturday.

"The Heart of Humanity," to be played at Boone Wav Opera House, Matinee and Night Thursday July 10, was personally witnessed by George Owens before booking, and he insures the public that it is in the class with "The Hearts of the World." It combines great war features, showing the religious faiths and dogmas of various peoples, is a valuable picture and in a forceful manner shows the sacrifices at the front and fireside to free the world and place love in its rightful place. Look for display ad next week. 30c and 55c. War tax included.

The trial Judge in the case of Oscar Johnson, at Paris, who killed Walter Rice says Johnson must pay the penalty and the date of his execution has been set for sometime in August. An appeal will possibly be taken, but there is little hope of any relief from that tribunal. Walter Rice was shot down without any apparent cause and his slayer deserves nothing but the severest punishment. Public sentiment among those who know the facts, asks that the verdict rendered by the trial jury stand undisturbed. Civilization demands the removal from society such persons as Oscar Johnson, whose bloodthirsty and heartless make-up of character and disposition, is such that he could or would be prompted to such a dastardly deed.

The "Get To Gether" meeting held in the Masonic Hall Wednesday evening, looking toward a new Christian church in Mt. Vernon was well attended and the opinion unanimous that the congregation of the Mt. Vernon Christian Church should have a new and better home for worship. When the vote was put whether there should be a new church and that same should not cost less than \$20,000 nor more than \$25,000, there was not a dissenting vote from any one of the forty or fifty enthusiastic members present. Committees will get busy at once to see if the money can be raised and every effort will be made to get the work started in 1919 and complete building as soon as possible in 1920. Cake and ice cream in copious quantities were served by the Willing Workers. Other meetings will be held from time to time until all plans are definitely worked out. The question of a location has not been considered very seriously, but it is almost certain that the new building will be in some other part of town instead of using the present location.

Judge Mullins has signed the contract for another truck for use on our roads in Rockcastle. The trucks are given to the county and will be kept here. The county has no right to sell, loan or in any way use the trucks except on the roads, but they are ours to keep for that purpose.

The farmers community meeting to be held here for three days in July is looked forward to with much interest among our farmers. It is the very thing they need and something that they will richly enjoy. Let every farmer and his family prepare now to come. No one who even wants to be a farmer can afford to miss it.

The so called daylight saving law, inaugurated as a war measure, had its doom sealed by the House voting 233 to 132 to repeal it on the last Sunday in October and the Senate following suit 56 to 6. Included in the six were one Democrat and five Republicans. This is one time the farmers scored, as they were practically unanimous for the repeal, while city people generally opposed it.

Professor and Mrs. C. V. Lucy are spending a month with relatives at Independence, Kenton County. Just before leaving Professor Lucy was asked what he thought of the possibility of a new Christian Church in Mount Vernon. "It looks very good to me," said he, "for these splendid people certainly deserve it and I feel sure that if they once make up their minds to erect a new church building, it will and can be done. My very best wishes are with the movement."

Within the last two weeks Mt. Vernon has been visited by two so-called circuses. The Rhoda Royal was here Monday one week ago and Gentry Bros. was here last Monday. "Bum" describes both shows. Everything preintended was something that had been shown years ago and very crudely done. A good circus most every one likes to see but when it comes to being held up in the manner that those who attended either one of these so called circuses, the American people are getting what they seem to be looking for, a good skinning.

TIP LANGFORD, S. R. C.

A party of Dixie Highwaymen, including President M. M. Allison and Secretary Robinson, Directors Anderson, of Georgia, Sanford, of Knoxville and one or two more Directors of the Dixie Highway Association, Mr. Gailbreth, Secretary, Detroit Automobile Club, and Mr. Batchelder, President American Automobile Association, were here Wednesday making an inspection tour of the Eastern branch of this road from Cincinnati to Chattanooga. Another prominent highwayman in the party was the Kentucky State Road Commissioner, Rodman Wiley, the man who is doing everything he can to build this Dixie Highway and all other roads in old Kentucky. They spent Monday night in Berea as guests of the Berea Good Roads Club and were royally entertained there at the Boone Tavern with a banquet, after which a meeting was held on the College Campus. This meeting was attended by possibly 300 good roads people from every county along the line. Rockcastle was represented by County Judge Mullins, County Road Engineer, Bradbury, State Road Inspector Tackett, Frank Dees, Col. Jim Maret and W. H. Fish. The party were all making this trip at their own expense and in the interest of the Dixie Highway. They found the grade over Scaffold Cane Hill almost as slick as ice but had little trouble in getting over with the high powered machines they were driving. The people of Rockcastle should fully appreciate what others are trying to do for us in building this Dixie Highway.

To Play Great Organ at the Methodist Centenary

MRS. MONTGOMERY LYNCH of Seattle will play the great \$50,000 organ in the presentation of "The Wayfarer," the magnificent pageant of the Methodist Centenary Celebration, in Columbus, O., June 20 to July 13. Montgomery Lynch, her husband, will direct the chorus of 1,000 voices, which is a part of the pageant.

REDUCED FARE ADDS INTEREST

Visitors to Methodist Centenary to Be Well Cared For.

REGISTRATIONS CN INCREASE

Housing Committee of the Celebration Have More Than Forty Thousand Rooms in Private Homes at Their Disposal, Where Those Who Attend Can Be Lodged as Conveniently as at a Hotel.

Announcement by the government that a special low rate of one and a third fares for the round trip has been authorized for the celebration. Columbus, O., June 20 to July 13, has tremendously increased the interest in that event and advanced manifold the inquiries and registrations coming from all parts of the United States. At headquarters the other day a single mail brought cash registrations from 14 separate states and South America.

The low rate has increased work for the special committees, which are responsible for housing the large influx of visitors now seen to be certain. Accommodations fall into three classes:

First, the hotels, which have an average daily capacity of 5,000 visitors.

The second field of accommodation will be in public buildings, which have been specially fitted up for this sort of service for the celebration. These include the State School for the Blind, the State School for the Deaf, the large barracks which were provided by Ohio State university for the student army training corps, and other buildings of a similar nature held in reserve should the throng exceed even present generous expectations.

The third line of convenience for the hospitality of Columbus is in the homes of the citizens themselves. More than 40,000 rooms have been offered with the housing committee, and these are card indexed by location, telephone number and best means of access. Visitors to the Celebration can be lodged as conveniently as a clerk at a hotel assigns a visitor to his room. In order that there might be no misunderstanding, the committee in charge has a uniform rate for accommodations in private dwellings. The charge will be

per day for a single person in a room and \$1.50 per day for two persons in a room.

Always generously provided with restaurants, Columbus at the present time is having its number largely increased by reason of many places being turned into restaurants which were occupied as cafes before May 4, when the state became dry. In addition to these, extraordinary facilities for feeding large numbers quickly are being installed in the exposition grounds.

Plans to participate a tobacco prohibition movement were given a set back in Pittsburg, where a judge refused a charter to the "No Tobacco Corporation," because as he stated, the law providing for incorporations was not for the promulgation of theories as to effect and consequences of personal habits. The concern stated in its petition that its object was to obtain prohibition of the culture, sale and use of tobacco. Notwithstanding this judge's action though, tobacco prohibition is the next thing on the program of the reformers to make men good by act of legislature. This is one of their theories that will never be popular and will end in failure. We can see no use whatever in chewing, smoking and snuffing the filthy weed, but millions of others can and they will see to it that their rights in the premises shall not be abridged.

A GLORIOUS FOURTH FOR ALL OF US!

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. OLD AGE STARTS

WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weakness and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small

swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

WHICH?
When the Germans, after months of bluffing and whining, being denied any further grace of time, finally announced their decision to sign the peace treaty it was with the qualification that the terms were monstrous, that all of them could not be observed and with the intimation that they did not mean to try to observe some of them.

This intimation was entirely superfluous. The world knows the Germans pretty well by now. It knows that they will not carry out the terms of the treaty unless they have to. It knows that the lack of good faith and honor is a characteristic of German Kultur. It knows that the people who affix their signatures to national obligations because they are required by their conquerors to do so will have no more regard for their signatures than they had for signatures which they voluntarily and freely affixed to other obligations. It knows that except as compelled by stronger Powers to respect it, the treaty of peace which they are now to sign will be as much a scrap of paper as other treaties which they have signed.

On that point the victors have no illusions. They expect nothing from the beaten foe except what they are able to take. They expect no compliance by Germany with the obligations which she assumes except where, by superior power, they are in readiness to compel compliance. The treaty is a formality. To make it more than that, to realize the dictated peace of victory which it tokens, must continue available the force which won the victory.

That force must be maintained and applied by the conflicting war-breeding components of the old European Balance of Power, or by the new unselfish, war-avoiding League of Nations.

Which?—Courier Journal.
